why Milgard

Milgard is one of the largest and most trusted names in windows and doors. For the last 50 years, we've demonstrated our commitment to innovation, quality and service.

While our coverage is extensive, our service is local. Milgard has multiple locations throughout the Western U.S. Our belief is that by being close to our customers, we can provide them better service. This means faster lead and delivery time, as well as faster response to any warranty situations. We're there for you long after the job has been completed. Milgard also has a comprehensive network of qualified dealers and offers some of the best training in the industry.

Awards give you added assurances and Milgard has been named "Best Quality in the Nation" eight times and the nation's "Most Used Vinyl Window" four times by *Builder* magazine. Both *Professional Remodeler* and *Professional Builder* magazines have named us "Most Preferred Vinyl Window" three times.

Full Lifetime Warranty

At Milgard, we build our windows and doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business. That's why we back every properly installed window and door for as long as the homeowner owns their home—including parts and labor. Ultra™, WoodClad™ and Tuscany® Series windows and doors also come standard with Glass Breakage Coverage. It's why you can be sure you won't find any windows better than Milgard. Ultra™ & WoodClad™ Series Swing & Sliding Patio Doors

The strength of fiberglass protects your investment from the harsher side of Mother Nature. Because of its inherent properties, fiberglass won't swell like wood and it expands and contracts at the same minimal rate as glass. Fiberglass won't crack, peel, warp, split, pit, corrode and is virtually impervious to water.

Our fiberglass doors are available with your choice of baked-on standard colors for a finish that protects against UV rays.

Ultra & WoodClad patio doors come in sliding, in-swing or out-swing styles are built to your specifications with panels, transoms, or sidelites. Choose from a wide selection of hardware (see page 10) and virtually endless grid options (see page 18).

Ultra Series

As the name implies, Ultra was designed to be the ultimate door frame material. Ultra Series has the strength, stability and maintenance-free features of fiberglass with a traditional wood frame profile. Ultra Series patio doors are available in standard exterior colors and a painted white interior. Or if you like, repaint the interior or exterior with your favorite color.

WoodClad Series

WoodClad Series offers the best of both worlds — the durability of a fiberglass frame with the warmth of furniture-grade, clear, vertical grain Douglas Fir on the interior. Apply a simple clear finish or a rich stain to match any interior trim.

All Milgard WoodClad French doors include our industry-leading Full Lifetime Warranty with Glass Breakage including parts and labor.

Tuscany Series patio doors offer you endless possibilities no matter what the style—or size—of your home.

Review from milgard.com -

We have the 8' French door with two windows on either side the same height as the door. We have a small bedroom and this opens up the space to a lovely patio area and brings plenty of natural light into the bedroom. Elegant but sturdy--gives the room an entirely new look. We're delighted!

Review from milgard.com -

We live in Lake Tahoe, NV where the temperatures can be pretty extreme. We like the fact that these sliding doors will give us more insulation during the cold winter time. We ordered the dark tinted glass which also helps in keeping our indoors much cooler in the summer.

Make it your own

Glass

As one of the most important components of your patio door, glass can also offer you decorative options and energy efficiency advantages.

Decorative & Tinted Glass

Add privacy or a touch of flare with our many styles of decorative glass.

Tinted glass provides additional shading from direct sunlight and warm conditions.

Crystal Groove

Craftsmanship and artistry are combined for distinctive elegance with Milgard Crystal Groove, adding an extra spectrum of light and design that will bring any room to life.

SunCoat® & SunCoatMAX®

Low-E coatings allow visible light through but block heat-bearing and fabric-fading portions of the solar spectrum. The result is less solar gain and UV protection against fading fabrics and furnishings. SunCoat Low-E2 glass comes standard on all Milgard dual-pane patio doors.

Triple Glazing

Triple glazing technology provides yet another option for improving the energy efficiency of your doors. This technology adds a third layer of glass that improves insulating properties, keeping homes in northern regions warmer.

Grids

Express your creativity and dramatically increase your home's curb appeal with our virtually endless grid options. Choose grids inside our insulated glass units for easy cleaning.
