Review from milgard.com -

The windows we purchased from Milgard are so much better than our old aluminum windows. We have noticed a great savings in heating and cooling costs. They not only block the UV destruction of furniture, but reduces the noise levels entering the home.

— ★★★★★

Why Milgard?

Milgard is one of the largest and most trusted names in windows and doors. For the last 50 years, we've demonstrated our commitment to innovation, quality and service. To ensure top quality from start to finish, Milgard begins by extruding our own vinyl components and fabricating all vinyl windows and doors to order, giving us the tightest control over quality.

While our coverage is extensive, our service is local. Milgard has multiple locations throughout the western U.S. Our belief is that by being close to our customers, we can provide them better service. This means faster lead and delivery times, as well as faster response to any warranty situations. We're there for you long after the job has been completed. Milgard also has a comprehensive network of qualified dealers and offers them some of the best training in the industry.

Milgard Full Lifetime Warranty

At Milgard, we build our windows and doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business. That's why we back every properly installed window and door for as long as the homeowner owns their home—including materials and labor. Milgard also offers a 10-year Commercial Warranty. It's why you can be sure you won't find any windows better than Milgard. For complete warranty details, visit milgard.com.

Hassle-free Installation

Style Line Series windows can be manufactured with the specific frame profile for your replacement or new construction project, giving the flexibility your installer requires.

Installation Configurations

Block Frame

Enables quick "tilt-in" installation with almost no disruption to siding or interior trim casework.

Nailing Fin

Perfect for home additions and remodeling where siding or stucco is removed.

Z-bar

Integral window trim that makes replacing windows on stucco homes fast and easy, eliminating the need for costly repairs.

All Your Needs are Covered

- Worry-free vinyl construction that won't corrode and will never need painting.
- Custom sizes built to your exact specifications with no extra lead time.
- Positive Action Lock that assures you that when the window is closed, it's locked.
- Optional Comfort Package upgrade to maximize efficiency and durability. (see page 11)
- Seemingly endless combinations of windows, doors, and transoms in any array you can imagine.
- Style Line Series windows are specifically designed for both new construction and replacement projects, plus they are a great choice for multi-family buildings.
- The standard dual-pane construction provides more noise control than single-pane windows, giving you more peace and quiet.

Choose the style or configuration that best suits your home's style and architectural needs.

Windows are shown with optional grids. Check with your local Milgard Dealer for available grid styles.

Review from milgard.com -

I really love how easy they are to open and not having to worry about latching when they are closed. It gives peace of mind and I also don't have to open the blinds up all the way to close/lock them.

— ★★★★★

Positive Action Lock

With its simple operation, the Milgard Positive Action Lock is window hardware you can count on to perform. Made to close and lock the window securely in one action, it eliminates any guessing. If the window is closed, it's locked. Plus, it meets and exceeds the toughest residential forced entry codes in the nation, making your windows beautiful and safe.

Casement and Awning Hardware

The operating hardware for casement and awning styles is an innovative folding handle that tucks out of the way with the locking hardware designed for smooth, easy-to-operate action.

Let the windows and doors do the work by improving the energy efficiency and comfort of your home.

efficiency

The three dimensions of energy performance.

Smart window design.

Our engineers are known for their industry-leading window designs that feature Milgard-patented technologies. Reducing places where metal can conduct heat or cold through the window is just one example of designing for thermal efficiency.

Industry-leading window materials like vinyl.

Milgard produces our own vinyl frame materials with excellent insulating properties.

Insulated glass units tailored to your region's climate.

We understand that different climates require different performance from windows and glass. Your energy package helps determine what's best for your climate. We also produce our own glass units, which enables us to closely monitor glass quality.

Milgard energy packages give you a lifetime of benefits.

Select the energy package that's right for you, and you'll enjoy the peace of mind of knowing that your windows will:

- Deliver superior energy efficiency.
- Help protect your furniture from damaging ultraviolet (UV) rays with SunCoat® or SunCoatMAX® low-E coatings.
- Make your home feel more comfortable in every season.

Accessory Package

An optional upgrade exclusively for the Style Line Series, the Accessory Package gives you additional features that help your windows perform even better.

Weep Hole Covers

An aesthetic touch, but these help to keep the weeping system clear of debris or pests.

Vent Stops*

Vent stops keep your windows from opening fully, giving you peace of mind when children and pets are present.

Pull Rail Screens*

Let the fresh air in while keeping everything else out. This upgraded screen frame has an integrated pull rail that makes removing the screens easy.

*Available on horizontal slider and single hung windows

Glass Breakage Coverage

Don't let life's mishaps become a hassle. With optional Glass Breakage Coverage, your broken glass will be replaced at no charge. See Full Lifetime Warranty for details.

Exclusively for the Style Line Series, the Comfort Package is an optional upgrade product and includes the following features and benefits:

Accessory Package

Adds weep hole covers, vent stops and pull rail screens as described on this page.

Exclusive 3D or 3D MAX Energy Package

Ask your Milgard Dealer to guide you through the best energy package for your area and climate that can meet or exceed ENERGY STAR® standards.

Glass Breakage Coverage

If your glass breaks, we'll replace it at no charge.

comfort

Review from milgard.com -

Our first full month with them installed left us with an electric bill with 30% lower usage than the same month in the prior year! These will pay for themselves rather quickly, especially when added home value is considered.

— ★★★★★

Milgard Windows & Doors is proud to serve the Western U.S. and Canada with over a dozen full-service plants and customer service centers throughout the west.

And it's just one of the many ways we're different. Milgard manufactures windows and doors near you for shorter lead and delivery times, and dedicated service centers to service your investment long after your builder or contractor has completed the job.

Clearly the best.™
